FLIR E6

Super bright 3" color LCD shows the whole MSX scene

Quick button access to measurement, parameter, and imaging tools

Quick-release rechargeable battery

Ruggedness you can trust withstands 2 meter drop

Focus-free IR and visible camera for point-and-shoot simplicity

Protective lens cover slides open easily

Trigger captures radiometric JPEG images

- Amazing image quality and measurement accuracy
- Wide field of view, excellent for building applications.
- MSX, FLIR's patented image processing, gives you visible details in live and saved images.
- Fully radiometric jpeg images allow you to measure any area of the image in post processing.
- Light and rugged with long battery run times.

FLIR E60

Superior MSX thermal imaging up to 76,800 pixels for longer range clarity

Built rugged to withstand a 2 meter drop

Simple, one-handed operation

3.1 MP digital camera

Bright LED camera lamp illuminates dark areas

Laser pointer pinpoints problems on the visual image

- **Wireless connectivity** – FLIR's Wi-Fi communication to tablets and smartphones lets your customers see what your camera sees as you do your inspection. They'll love this feature! Or, connect via Bluetooth to select FLIR and Extech meters to display and store moisture or load data along with your thermal image.
- **Wide and 2x optics** – Optional lenses give you the flexibility to have a wide angle lens for indoor building shots and a 2x to measure smaller objects and from a distance. (Not included)
- **Auto orientation** – Lets you keep the on-screen graphics properly oriented for landscape and portrait shots.
- **Touchscreen control** – Allows you to do analysis right on the image in the field. Move multiple spots and area box tools to wherever you want to easily measure or annotate temperature differences.
- **MSX** – Every model allows you to view and save images in stunning MSX mode, as well as picture-in-picture to overlay thermal onto visible images for easy location orientation and clearer documentation.
- **Multiple measurements** – Add up to 3 box areas and 3 moveable spots with the touchscreen to gather detailed temperature information.

Interchangeable lenses (not included)
